Footnotes:

- 1 The occupancy rating provides a measure of under-occupancy and overcrowding. For example a value of -1 implies that there is one room too few and that there is overcrowding in the household. The occupancy rating assumes that every household, including one person households, requires a minimum of two common rooms (excluding bathrooms).*
- 2 In general, a household's accommodation is defined as an unshared dwelling if all the rooms are behind a door that only that household can use.*

Footnotes:

1 'Rented from the Council' refers to Rented from Council (local authority)/Scottish Homes in Scotland.

2 Other social rented includes rented from Registered Social Landlord, Housing Association, including Housing Co-operative and Charitable Trust.

3 Private rented: renting from a private landlord or letting agency, employer of a household member or relative or friend of a household member or other person.

4 'Living rent free' could include households that are living in accommodation other than private rented.

5 All student group household is one containing more than one family or ungrouped individual and the student lives with spouse, partner or offspring or is an ungrouped individual.

6 It is possible that form-fillers on housing benefit may have ticked 'living rent free' in response to the Census question on 'owns/rents'. Households recorded as living rent free are not analysed by type of landlord in this table. Users who wish to count these households by landlord and, possibly, make adjustments to this table can do so using tables UV91, UV92, T54 & T55.
