Footnotes:

- 1 A dependent child is a person in a household aged 0 to 15 (whether or not in a family) or a person aged 16 to 18 who is in a family with parent(s).
- 2 The terms used to describe tenure are defined as:
 Owned: either owned outright, owned with a mortgage or loan, or paying part rent and part mortgage (shared ownership).
 Other social rented includes rented from Registered Social Landlord, Housing Association, Housing Co-operative and Charitable Trust.
 'Rented from the Council' refers to Rented from Council (local authority)/Scottish Homes in Scotland and Northern Ireland Housing Executive in Northern Ireland.
 Private rented: renting from a private landlord or letting agency, employer of a household member, or relative or friend of a household member or other person.
- 3 The occupancy rating provides a measure of under-occupancy and overcrowding. For example a value of -1 implies that there is one room too few and that there is overcrowding in the household. The occupancy rating assumes that every household, including one person households, requires a minimum of two common rooms (excluding bathrooms).
- 4 Car or van availability includes any company car or van if available for private use.
- 5 NS-SeC stands for National Statistics - Socio-economic Classification.
- 6 Not classified includes people who have not been coded, those who cannot be allocated to an NS-SeC category and all full time students regardless of if they are economically active or inactive.
- 7 The term 'unpaid care' covers any unpaid help, looking after or supporting family members, friends, neighbours or others because of long-term physical or mental ill-health or disability or problems relating to old age.
- 8 General health refers to health over the 12 months prior to Census day (29 April 2001).
- 9 Number of adults in employment' means all adults aged 16 to 74 in employment whether a full-time student or not.
- 10 It is possible that form-fillers on housing benefit may have ticked 'living rent free' in response to the Census question on 'owns/rents'. Households recorded as living rent free are not analysed by type of landlord in this table. Users who wish to count these households by landlord and, possibly, make adjustments to this table can do so using tables UV91, UV92, T54 & T55.

Footnotes:

1 Highest level of Qualification is defined as:

Group 1: 'O' Grade, Standard Grade, Intermediate 1, Intermediate 2, City and Guilds Craft, SVQ Level 1 or 2 or equivalent.

Group 2: Higher Grade, CSYS, ONC, OND, City and Guilds Advanced Craft, RSA Advanced Diploma, SVQ Level 3 or equivalent.

Group 3: HND, HNC, RSA Higher Diploma, SVQ Level 4 or 5 or equivalent.

Group 4: First Degree, Higher Degree, Professional qualification.

2 The occupancy rating provides a measure of under-occupancy and overcrowding. For example a value of -1 implies that there is one room too few and that there is overcrowding in the household. The occupancy rating assumes that every household, including one person households, requires a minimum of two common rooms (excluding bathrooms).

3 The terms used to describe tenure are defined as:

Owned: either owned outright, owned with a mortgage or loan, or paying part rent and part mortgage (shared ownership).

Other social rented includes rented from Registered Social Landlord, Housing Association, Housing Co-operative and Charitable Trust.

'Rented from the Council' refers to Rented from Council (local authority)/Scottish Homes in Scotland and Northern Ireland Housing Executive in Northern Ireland.

Private rented: rented from a private landlord or letting agency, employer of a household member, or relative or friend of a household member or other person.

4 The term 'unpaid care' covers any unpaid help, looking after or supporting family members, friends, neighbours or others because of long-term physical or mental ill-health or disability or problems relating to old age.

5 Hours worked is the average number of hours per week worked for the last four weeks before the Census (29 April 2001) in the main job.

6 In this table, a student is in an 'All student group household' if all the members of the household are students and he/she is a member of a couple or is an ungrouped individual (ie not in a family).

7 It is possible that form-fillers on housing benefit may have ticked 'living rent free' in response to the Census question on 'owns/rents'. Households recorded as living rent free are not analysed by type of landlord in this table. Users who wish to count these households by landlord and, possibly, make adjustments to this table can do so using tables UV91, UV92, T54 & T55.

Footnotes:

- The terms used to describe tenure are defined as:
Owned: either owned outright, owned with a mortgage or loan, or paying part rent and part mortgage (shared ownership).
Other social rented includes rented from Registered Social Landlord, Housing Association, Housing Co-operative and Charitable Trust.
'Rented from the Council' refers to Rented from Council (local authority)/Scottish Homes in Scotland and Northern Ireland Housing Executive in Northern Ireland.
Private rented: renting from a private landlord or letting agency, employer of a household member, or relative or friend of a household member or other person.
- The occupancy rating provides a measure of under-occupancy and overcrowding. For example a value of -1 implies that there is one room too few and that there is overcrowding in the household. The occupancy rating assumes that every household, including one person households, requires a minimum of two common rooms (excluding bathrooms).
- Car or van availability includes any company car or van if available for private use.
- The term 'unpaid care' covers any unpaid help, looking after or supporting family members, friends, neighbours or others because of long-term physical or mental ill-health or disability or problems relating to old age.
- General health refers to health over the 12 months prior to Census day (29 April 2001).
- Highest level of Qualification is defined as:
Group 1: 'O' Grade, Standard Grade, Intermediate 1, Intermediate 2, City and Guilds Craft, SVQ Level 1 or 2 or equivalent.
Group 2: Higher Grade, CSYS, ONC, OND, City and Guilds advanced Craft, RSA Advanced Diploma, SVQ Level 3 or equivalent.
Group 3: HND, HNC, RSA Higher Diploma, SVQ Level 4 or 5 or equivalent.
Group 4: First Degree, Higher Degree, Professional qualification.
- For Economic Activity 'Employee' and 'Self-employed' excludes full-time students.
- For Economic Activity 'Unemployed' excludes full-time students.
- For Economic Activity 'Economically active full-time student' comprises full-time students who are in employment or unemployed.
- For Time Since Last Worked 'Currently working' means all people aged 50 or over whether full-time students or not.
- It is possible that form-fillers on housing benefit may have ticked 'living rent free' in response to the Census question on 'owns/rents'. Households recorded as living rent free are not analysed by type of landlord in this table. Users who wish to count these households by landlord and, possibly, make adjustments to this table can do so using tables UV91, UV92, T54 & T55.

Footnotes:

1 The occupancy rating provides a measure of under-occupancy and overcrowding. For example a value of -1 implies that there is one room too few and that there is overcrowding in the household. The occupancy rating assumes that every household, including one person households, requires a minimum of two common rooms (excluding bathrooms).

2 Car or van availability includes any company car or van if available for private use.

3 The terms used to describe tenure are defined as:

Owned: either owned outright, owned with a mortgage or loan, or paying part rent and part mortgage (shared ownership).

Other social rented includes rented from Registered Social Landlord, Housing Association, Housing Co-operative and Charitable Trust.

'Rented from the Council' refers to Rented from Council (local authority)/Scottish Homes in Scotland and Northern Ireland Housing Executive in Northern Ireland.

Private rented: renting from a private landlord or letting agency, employer of a household member, or relative or friend of a household member or other person.

4 It is possible that form-fillers on housing benefit may have ticked 'living rent free' in response to the Census question on 'owns/rents'. Households recorded as living rent free are not analysed by type of landlord in this table. Users who wish to count these households by landlord and, possibly, make adjustments to this table can do so using tables UV91, UV92, T54 & T55.
