

Subject: Request for statistics on the number of deaths where COVID-19 was mentioned on the death certificate between March 2020 to March 2021

FOI reference: 202100202742

Date received: 15 May

Date responded: 11 June 2021

Information requested:

You asked us for the following statistics:

“Number of deaths between March 2020 and March 2021 with Covid on their death certificate in part 2 ONLY for the following age brackets please. Part II should be used for any significant condition or disease that contributed to the **death** but which is not part of the sequence leading directly to **death**.”

0-17 years

18-29 years

30-39 years

40-49 years

50-59 years

60-69 years

70-79 years.”

NRS Response:

Please see the accompanying table which outlines deaths where Covid-19 was mentioned in part 2 of the death certificate only by age group for deaths occurring between March 2020 to March 2021.
