

Subject: Request for information on the number of Polish deaths in the Highlands from COVID-19

FOI reference: 202000122670

Date received: 9 December 2020

Date responded: 21 December 2020

Information requested:

The number of Polish deaths in the Highlands from COVID-19 over the last few months.

NRS Response:

The answer to this question is that there have been 6 deaths involving COVID-19 in Scotland in 2020 where the deceased's country of birth was Poland. None of these deaths were of people usually resident in the Highland council area.
