

**Subject:** Request for a breakdown of the main pre-existing conditions in deaths involving COVID-19.

**FOI reference:** 202100189690

**Date received:** 1 April 2021

**Date responded:** 27 April 2021

**Information requested:**

I'm doing some research on Risk Factors and COVID deaths in Scotland. To this effect, I'd be grateful if could you send me data giving a breakdown of COVID deaths in patients with underlying health issues such as diabetes, CHD, COPD, kidney and lung disease and obesity.

**NRS Response:**

Enclose is a copy of the information requested in the accompanying table which outlines the main pre-existing conditions in deaths involving Covid-19 between March 2020 and 18<sup>th</sup> April 2021.
