

**Subject:** Request for information regarding number of death reports to date allocated ICD code U09.9.

**FOI reference:** 202100197671

**Date received:** 27 April 2021

**Date responded:** 24 May 2021

**Information requested:**

Please can I have details of how many deaths in each of the weekly NRS covid deaths reports to date have been allocated the ICD code of 'U09.9 – post COVID-19 condition, unspecified.' Can I have this in a spreadsheet format and for each week from March, 2020 to the date of this request.

**NRS Response:**

Please see the accompanying table which outlines the number of deaths registered where 'Post COVID-19 condition, unspecified' was mentioned for 1 March 2020 – 30 April 2021.

Alternatively, please find our COVID-19 publications using the following link [Deaths involving coronavirus \(COVID-19\) in Scotland | National Records of Scotland \(nrscotland.gov.uk\)](https://www.nrscotland.gov.uk/publications/deaths-involving-coronavirus-covid-19-in-scotland). The information you require is also included in our most recent COVID-19 monthly publication, the tables of which can be found here <https://www.nrscotland.gov.uk/files//statistics/covid19/covid-deaths-21-data-week-19.xlsx>. Please find Table 12, which outlines figures for ICD-10 codes related to COVID-19, including 'Post COVID-19 condition, unspecified' for 1 March 2020 – 30 April 2021. We have made this data available covering all deaths occurring during the period of the pandemic. The table will be updated on a monthly basis.
