Access to information held in the Senior Leaving Certificate Examination Results records (ED40/110)

NRS Response:

A sensitivity review has been undertaken on this file by the Scottish Qualifications Authority. The requested information was released following this review and is made accessible by producing an extract of the entry relating to Charles Gordon McGilvray (see Annex 1 below). The extract has been produced as the information requested is contained in registers which contain, on the same page, personal data relating to individuals other than Charles Gordon McGilvray and remain exempt under s.38(1)(b) of FOISA (personal data relating to a third party). Disclosing personal data relating to a third party would contravene the General Data Protection Regulation and Data Protection Act 2018. This exemption is not subject to the 'public interest test', so we are not required to consider if the public interest in disclosing the information outweighs the public interest in applying the exemption.
