

## INTRODUCTION

### Miscellaneous Manuscript Records

This series consists mainly of duplicate or scroll copies of Old Parish Registers (OPRs), private records of births, etc, kept by individuals and registers of secession and other churches placed in the Registrar General's custody for permanent preservation in the New Register House Dome.

Pre-1855 Church of Scotland birth, death and marriage records were deposited under the terms of the Registration of Births, Deaths and Marriages (Scotland) Act 1860. Information about the dates and terms of deposit of some of the records of other churches has been identified in the following Registration Branch files held at West Register House:

- Non-parochial registers, 1916-26 (GRO5/209) - includes details of an agreement with the United Free Church of Scotland (1925) for deposit of their records which was not carried through
- Non-parochial registers, 1926-56 (GRO5/211)
- Maintenance of records. Acquisition of old documents (GRO5/1959)

File and document references are provided in the relevant catalogue entries.

### 1977 review

The records were reviewed in 1977. A few volumes were found to fill gaps in the OPRs and others were transferred to the kirk session records (reference CH2) held by the Keeper of the Records of Scotland. Photocopies and typed transcripts were moved to the Library in two new series: miscellaneous photocopies (reference MP) and miscellaneous transcripts and indexes (reference MT). Details are provided in the relevant catalogue entries.

### Access to the records

Entries for most of the records are included in the OPR baptism and marriage indexes. The MR reference is usually given in the frame reference field, eg, 685/1 (fr MR 3/1). The records are accessed on microfilm in the ScotlandsPeople Centre.

### Index to this catalogue

An index is provided at the end of the volume.
