Table 4: Abridged life table, by sex, age and NHS Board area, Scotland 2003-05 (continued)

Note : This abridged life table is constructed from the estimated population in 2003, 2004 and 2005 and the total number of deaths registered in these years. The column headed l_x shows the numbers who would survive to the exact age of x , out of 100,000 persons who, from birth, were subject to the mortality probabilities indicated by the death records for 2003-2005. Column e_x^o shows the expectation of life, that is, the average number of years of life left to persons aged exactly x who are subject to the 2003-2005 mortality probabilities from age x onwards.

¹ Areas of former Argyll & Clyde inherited by new Boards on 1st April 2006.

² New Board areas including parts of former Argyll & Clyde.
