¹ Figures in this table were revised in 2007 following the discovery of an error in the way international migrants had been distributed to council areas within the Grampian and Tayside Health board areas. Revisions were made to 2003-2006 mid year estimates. Further details can be found on the GROS website.

² Includes movements to/from armed forces and an adjustment for a recurring unattributable population change based on the 2001 Census, assumed to be unmeasured migration. See the "Notes and Definitions" section for more information on unattributable population change.

³ Includes changes in the number of prisoners and armed forces stationed in Scotland.

⁴ New NHS Board areas including parts of former Argyll & Clyde.

⁵ Former NHS Board areas (before dissolution of Argyll & Clyde on 1 April 2006).
