

Understanding Scotland's Population in a data driven future

Amy Wilson

Director of Statistical and Registration Services

#PAMS2018

National Records for Scotland - our purpose

To collect, preserve and produce information about Scotland's people and history and make it available to inform current and future generations

Our vision for National Records of Scotland statistics

To build our capacity to develop high quality statistics and increase our reach and impact

Our ambition to deliver on the vision

1. To continue to collect, analyse and publish important information about the people of Scotland, exploring the potential of existing administrative data sources to further enhance our data and analysis.
2. To increase our reach and impact and be recognised as an influential leader across Scotland
3. To be recognised as a trusted, expert and professional organisation, continuously improving our customer and digital services
