

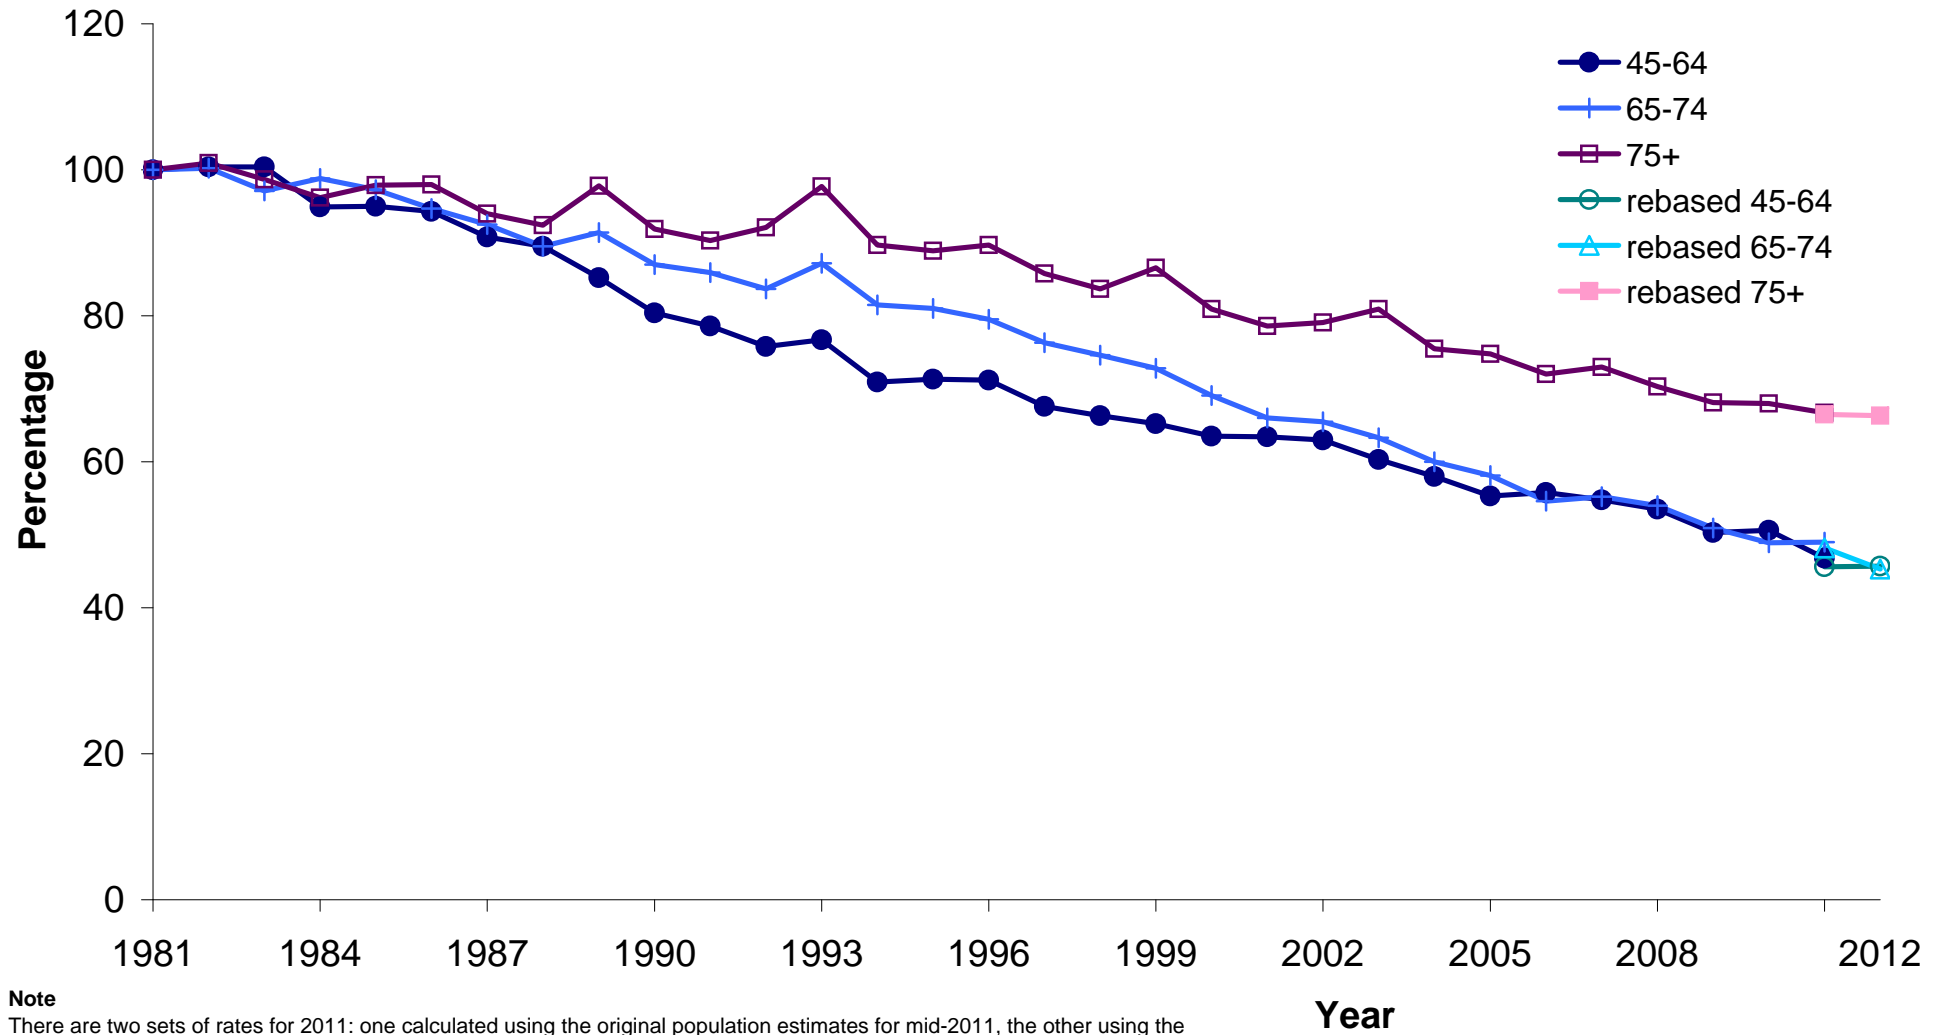

Figure 3.2a: Age specific mortality rates as a proportion of 1981 rate, 1981-2012, Males

Note

There are two sets of rates for 2011: one calculated using the original population estimates for mid-2011, the other using the rebased estimates.

Figure 3.2b: Age specific mortality rates as a proportion of 1981 rate, 1981-2012, Females
