

Most Common Surnames

Surnames occurring most often in Scotland's registers of Births, Marriages and Deaths

Counting only:

- (a) the surname of the CHILD for births
- (b) the surnames of BOTH PARTIES (e.g. both BRIDE and GROOM) for marriages, and
- (c) the surname of the DECEASED for deaths.

Note: the surnames from these registers may not be representative of the surnames of the population of Scotland as a whole, as

- (a) they include the surnames of non-residents who were born / married / died here;
- (b) they exclude the surnames of residents who were born / married / died elsewhere; and
- (c) some age-groups have very low birth, marriage and death rates; others account for most births, marriages and deaths.
