2011 Census: Release 4 – Detailed Characteristics and Themes	2014

4. The new [NRS Corporate Website](#) is currently under construction with plans to switch over Demography content from the new year. For this switchover, the Statistical Information Services team will be looking at content and release formats (e.g. is there an ongoing requirement for publications done in HTML). We will be seeking the opinions of PAMS members in due course, but as always, if you have any comments on our website then please do get in touch via the contact information below.
5. The Scottish Government is currently planning to alter Health Board boundaries from the 1st April 2014 in order for them to align with Council Area boundaries. Further details on the [SG website](#). Opinions from PAMS members on how to deal with these changes on the website will be requested in due course.
