

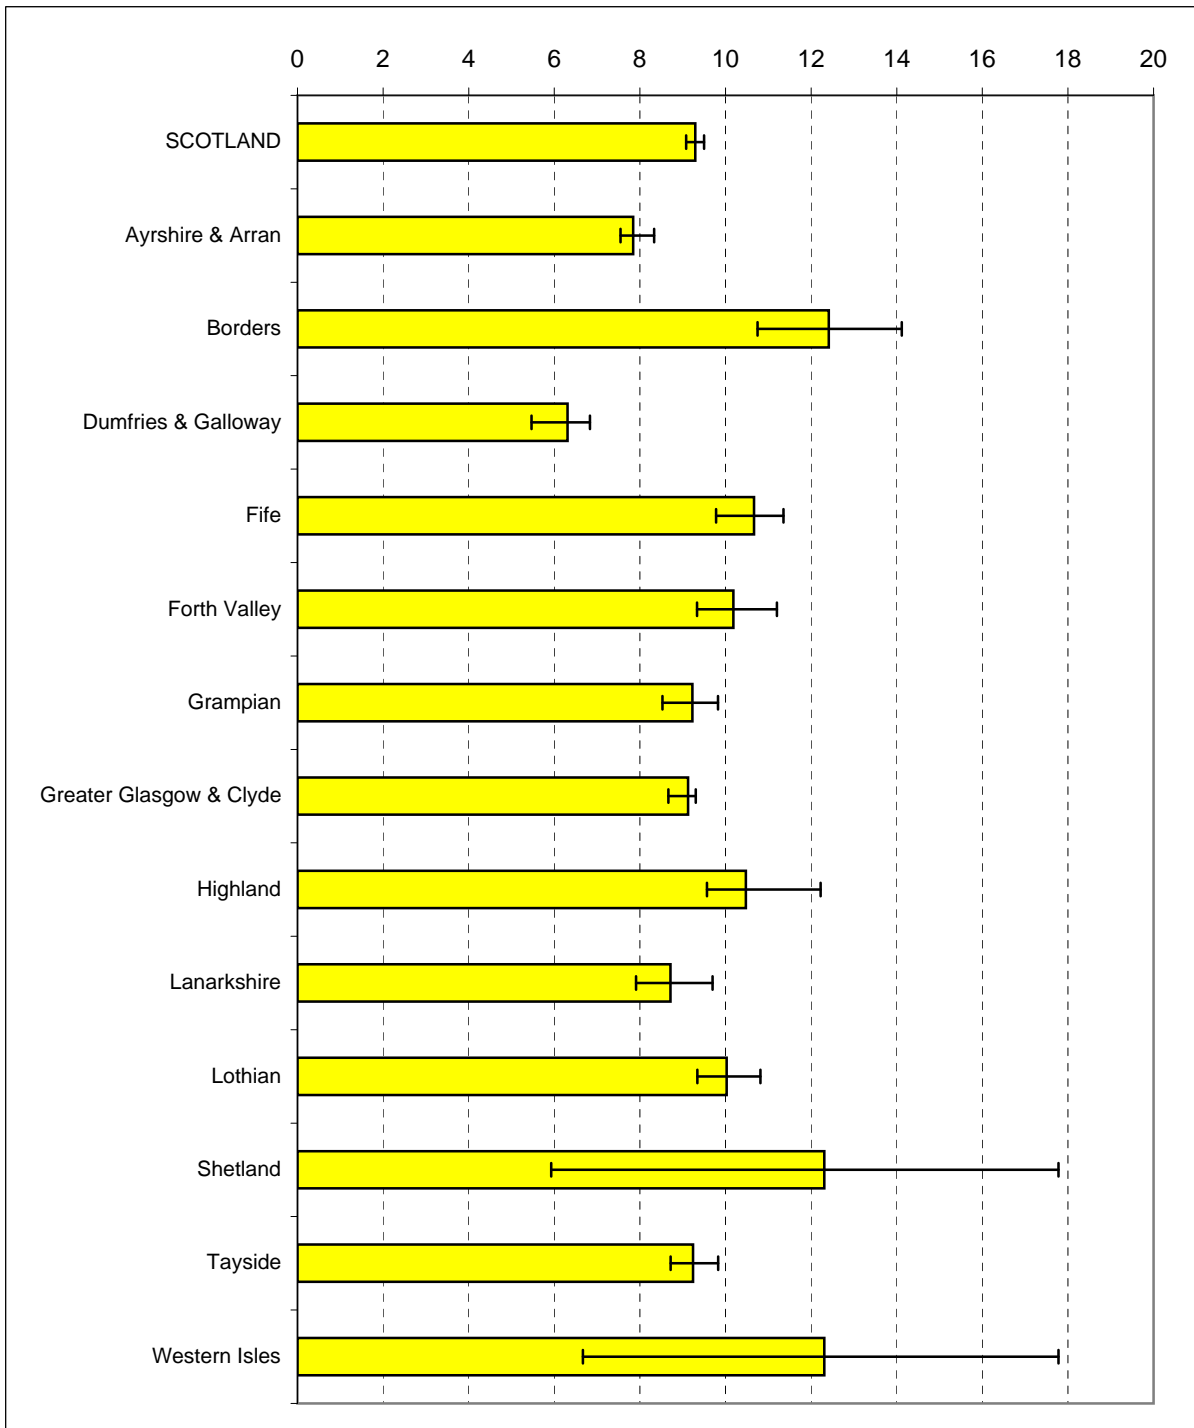

**Figure 2: Drug-related deaths per 1,000 problem drug users - NHS Board areas**

NB: these figures were calculated using the annual average number of drug-deaths for 2008-2012 and the estimated numbers of problem drug users for 2009/10. The 'error bars' indicate the likely ranges of values - refer to the text

NB: figures for Orkney are not available - refer to Table HB5 and paragraph 4.7
