

Table 2**Increased winter mortality, Scotland, 1951/52 - 2007/08**

Year	Additional deaths	5-year moving average
1951/52	5,240	
1952/53	5,890	
1953/54	4,770	5,634
1954/55	5,820	5,140
1955/56	6,450	4,854
1956/57	2,770	5,734
1957/58	4,460	5,388
1958/59	9,170	5,166
1959/60	4,090	5,630
1960/61	5,340	6,160
1961/62	5,090	5,068
1962/63	7,110	5,092
1963/64	3,710	5,294
1964/65	4,210	4,680
1965/66	6,350	4,378
1966/67	2,020	4,596
1967/68	5,600	5,162
1968/69	4,800	4,434
1969/70	7,040	5,024
1970/71	2,710	4,720
1971/72	4,970	4,322
1972/73	4,080	3,606
1973/74	2,810	4,352
1974/75	3,460	4,064
1975/76	6,440	4,218
1976/77	3,530	4,494
1977/78	4,850	4,336
1978/79	4,190	3,802
1979/80	2,670	4,356
1980/81	3,770	4,300
1981/82	6,300	4,020
1982/83	4,570	4,112
1983/84	2,790	4,300
1984/85	3,130	3,688
1985/86	4,710	3,292
1986/87	3,240	3,166
1987/88	2,590	3,632
1988/89	2,160	3,176
1989/90	5,460	3,106
1990/91	2,430	3,136
1991/92	2,890	3,222
1992/93	2,740	2,592
1993/94	2,590	2,836
1994/95	2,310	2,986
1995/96	3,650	2,960
1996/97	3,640	3,392
1997/98	2,610	3,968
1998/99	4,750	3,682
1999/00	5,190	3,322
2000/01	2,220	3,302
2001/02	1,840	2,920
2002/03	2,510	2,434
2003/04	2,840	2,346
2004/05	2,760	2,528
2005/06	1,780	2,462
2006/07	2,750	
2007/08 prov.	2,180
