¹ Includes movements to/from armed forces and an adjustment for a recurring unattributable population change based on the 2001 Census, which is assumed to be unmeasured migration.

² Includes changes in the number of armed forces stationed in Scotland and movements to/from prison.

³ The 2002 mid-year estimates are based on the corrected health board boundaries. As a result, where prior to 2001 certain HB populations (Fife, Forth Valley, Lothian and Tayside) were equal to the sum of their constituent council populations, this is no longer the case.
