**Footnotes**

1) Children under 16, working age and pensionable age populations are based on state pension age (SPA) for a given year. Between 2012 and 2018, SPA will change from 65 years for men and 61 years for women, to 65 years for both sexes. Then between 2019 and 2020, SPA will change from 65 years to 66 years for both men and women. Between 2034 and 2046, SPA will increase in two stages from 66 years to 68 years for both sexes. This is based on SPA under the 2011 Pensions Act.

2) All figures have been rounded to the nearest 10.

Note: Not all figures will sum due to rounding.
