Footnotes

1) The definition of a stillbirth varies from country to country and over time. The position in the UK is described in the Notes and Definitions.

2) Croatia joined the EU on 1st July 2013. For simplicity, Croatia has been counted under 'European Union' in this table regardless of when the event was registered. Therefore, the figures for 'European Union' will include people from Croatia who were involved in events that were registered between January and June 2013.
