NB: this table was corrected in July 2011. Until then, six of the numbers in the previous version of this table were wrong. The incorrect figures appeared in the "Scotland" and "Other UK ..." rows of the table: they were the three numbers on each of those rows that appeared in the "Irish Republic ...", "Other European Union" and "Commonwealth Total" columns. These errors were due to mis-copying and pasting from the output of a computer program that produced some statistics from the Vital Events database. We apologise for any problems caused by these errors.
