Corrections have been incorporated in this table which have come to light after the initial publication of this data. These corrections have been made to the cause of death / sex categories from 'C43 Malignant melanoma of skin F' to 'D50-89 III Diseases of the blood F', inclusive, all appeared on rows which were either one or two rows below the row with the appropriate side-heading. The corrections have no effect on any other parts of this table. Previously published tables should therefore not be used.
